PRAISE CIA ACTION

FLOYD KALBER: "A Committee of the House of Representatives, checking into the Central Intelligence Agency's activities with student organizations, revealed today that every Presidential Administration since 1952 knew that the CIA was giving financial aid to a group known as the National Student Association.

"The Chairman of the House group, L. Mendel Rivers of South Carolina; and the ranking Republican member, William Bates of Massachusetts, praised the CIA for its action, pointing out the intelligence group would have been derelict in its duty if it had not undertaken this secret financial arrangement."
